Bedding

Weekly Bedding:

1. Heifer barn free-stall – sand bedding 1x/week - stalls raked & alleys scraped 2x/day
2. Main freestall & Dry cow freestall barn – sand bedding 2x/week – stalls raked & alleys scraped 2x/day

Daily Bedding:

1. Cow tie-stalls — stalls cleaned out and raked AM & PM –Sand put in AM daily
2. Calf barn individual pens and group pens – sawdust bedding 1x/day – clean and sanitize individual pens after calf is weaned and moved to group pen. Allow to remain empty for 2 weeks before putting another calf in the pen.

As Needed:

1. Maternity Pens in dry cow barn – hydrated lime, covering of sawdust & straw – clean after use. If at all possible allow pens to dry out before re-bedding.
2. Heifer barn bedded pack – sawdust bedding – alleys scraped daily.
